

Westcare Podiatry

Introducing Lauren Bayly

Lauren Bayly finished studying Podiatry at the University of South Australia in 2012 and has been working full time in Private Practice ever since.

In 2014 Lauren became only the second Podiatrist in South Australia to become endorsed by AHPRA to prescribe scheduled medicines. More recently, she has been teaching this to third year students at UniSA. She is also trained in joint mobilisation, manipulation, dry needling, Onyfix nail bracing (for painful involuted toenails) and she is currently undertaking further study in Keryflex (to improve the appearance of unsightly/ damaged nails).

Lauren has a special interest in:

- **Conservative and surgical management of ingrown toenails. With her endorsements, she is able to offer patients who have needle phobias a Pentrox Inhaler prior to nail surgery, which helps to avoid a hospital admission.**
 - **Children's Podiatry (assessment and management)**
 - **Musculoskeletal pain**
 - **Footwear advice**

Please call reception at Trinity Westcare for bookings, fees and further information
